ARE YOU PREPARED FOR WINTER?

Check the fluids in your car - Windshield Washer Fluid is extremely important in the wet snow.

Do you have a full tank of gas?

A spare blanket in your trunk is a good thing to have in an emergency.

Let your windows defrost before you drive - Don't be "the other driver."

Check your tires at least once a month

If you have been in an accident- if your car can safely be moved to the side of the road, do so. Take pictures of all damage.

Don't panic. Don't argue with the other driver - even if it's their fault.

If anyone is injured, or \$1000 worth of damage, you must report it to the DMV on form [MV104](#)
